

Communication Algorithm Engineer/senior Engineer/Technical Manager

[Apply Now](#)

Company: MediaTek

Location: Hsinchu

Category: other-general

Job Description1. Baseband algorithm development

2. Ethernet PHY system architecture and algorithm design

3. Communication system verification

4. Architecture/algorithm design for low-power and high-speed communication system

5. Digital signal processing of mixed-signal systemRequirement1. MS or PhD degree in EE or Communication

2. Familiar with digital signal processing algorithm and practical implementation skill

3. Familiar with programming of C/C++, Matlab

4. Familiar with communication theory

5. Familiar with commercial wired or wireless communication specifications

6. (nice to have) system development experience about Ethernet 112/224G PAM4 or PCIe
