Company: Bjak

Location: Taiwan

Category: other-general

About Us

Bjak is dedicated to providing affordable and sustainable financial services to individuals across ASEAN. Headquartered in Malaysia, Bjak stands as the largest insurance portal in Southeast Asia. Our flagship platform, Bjak.com, assists millions in discovering insurance policies that offer optimal value and extensive coverage. Through strategic investments in technology, including Custom API, blockchain, trading systems, and data science, we aim to facilitate easy access to financial services that were previously challenging to reach or comprehend.

Our core strengths are in navigating the most complex regulations and environments, creating some of the most innovative products in the world. For instance, we are the first platform globally to simplify and offer investment-linked life and health insurance online, coupled with an instant talk-to-agent service.

Full Stack Engineer
