Company: TELUS International

Location: Taiwan

Category: other-general

### Why US

We help companies test and improve machine learning models via our global AI Community of 1 million+ annotators and linguists. Our proprietary AI training platform handles all data types (text, images, audio, video and geo) across 500+ languages and dialects. Our AI Data Solutions vastly enhance AI systems across a range of applications from advanced smart products, to better search results, to expanded speech recognition, to more human-like bot interactions and so much more.

### Job Description

We're searching for individuals who are passionate about social media and regular users of Gmail. This remote position requires ownership and daily use of a smartphone and familiarity with various social media platforms and Google products. Your reliability, adaptability, and adherence to guidelines are key.

In this role you will have the opportunity to contribute to safer internet browsing by reviewing and filtering potentially sensitive and adult material.

Through this work you will be making a valuable contribution by expressing your opinion on the quality and content of what is currently out there on the web and protecting users from viewing unsuitable material.

This role offers the freedom to work remotely, allowing you to set your hours based on task availability.

The estimated hourly earnings for this role are 8.70 USD. Payment is based on completed

tasks, with potential for higher earnings based on productivity.
